PERFECT SOLUTIONS

March 2017

New employees with R2 Agro

We are very pleased to welcome two new employees with R2 Agro. With these two new colleagues we have further strengthened our competent staff, and we are looking forward to obliging and servicing our customers and other cooperating partners also in the future.

Helle Lyse Kobberø, 50 years, started in R2 Agro logistics/purchase on 1/3 2017.

She comes from a position in Caldic Denmark where she has attended to a similar job in their non-food department through many years.

Helle will be working with tasks within logistics and purchase.

Anja Koch, 25 years, started as logistics trainee on 2/1 2017 in R2 Agro.

Anja has graduated HF, HG-s and the two-year trading assistant/sales course of education. Anja was back packing in Asia for 3½ month and altogether this basis has given Anja a good ballast to manage the tasks of this education.

R2 Agro wish to contribute and i.a. with the education of trainees to accept social responsibility.

Professionalism— a cultural value with R2 Agro

"We act professionally and signal quality in everything we do. We hold the necessary qualifications within our business areas, and we continuously seek to improve our skills and knowledge.."
