

News from R2 Agro–NutriScan

By Nils Pedersen, Export Manager in R2 Agro–NutriScan

R2 Agro NutriScan strengthens the organisation

R2 Agro A/S is developing rapidly and expands especially in the European and American markets, but also in China we have incipient activities.

Therefore we are expanding the sales force in R2 Agro NutriScan with a Key Account Manager–**Helle Vinkler**.

Helle is a trained veterinary nurse and laboratory technician. Through a period of 14 years Helle has worked within sales and marketing at Chem-Vet A/S and Merial Norden A/S among others.

First performance of instruction videos

Our products must be used and administrated correctly in order to work efficiently.

Therefore we have been working in improving and clarifying our instructions for use as regards our products for cattle.

This has resulted in a number of new instruction videos.

The instruction videos are also an additional service to the final users of our products. The videos give an increased understanding of the administration of our products and adds knowledge of the features and benefits.

The instruction videos are available on our website www.r2agro.com. Click on the link below to go directly to the videos:
